

Where Silence Becomes Luxury – A Two-Day Experience

There are places that do not advertise themselves.
They do not seek attention.
They do not belong to mass tourism.

This journey takes you to where Europe still breathes more slowly – among rivers that freely change their course and forests that guard stories older than time.

Day 1 | The Drava – Between Water and Silence

The ride begins across the endless plains of Podravina, in landscapes where the horizon knows no limits and time loses its urgency.

In the midst of this vastness, you experience something rare – bread prepared as it once was. Grain, stone, fire. Simple. Authentic.

Upon reaching the Drava, everything changes. Here, nature is not a backdrop – it is a presence.

Through the interpretation of this unique ecosystem, you step into the world of the river, and then experience it from within – a quiet canoe ride through hidden channels, between sandbanks and green islets.

Lunch at the Višnjica estate presents Slavonia at its finest – warm, authentic and understatedly elegant.

The day concludes at Janković Castle – a place where history transforms into tranquillity. Wellness, silence, and an evening that asks for nothing but to be enjoyed.

Day 2 | Papuk – A Forest that Holds Time

Papuk does not reveal itself all at once – it gently draws you in.

At the Geo Info Centre in Voćin, understanding begins; just a few kilometres further, feeling takes over.

Cycling through dense beech forests offers something increasingly rare – a complete absence of noise, crowds and haste.

At Jankovac, among waterfalls and lush greenery, time seems to stand still.

Lunch is simple, yet perfect – much like the setting in which it is served.

For those seeking more, the day continues with experiences that raise the tempo – a zip line above the lake, a new perspective over the forest, and a visit to Ružica Grad, a silent witness to centuries past.

Optional – downhill ride for those wishing to feel the energy of Papuk in motion.

Price from €650 per person (min. 5 participants)

Small group * Personal approach

The price includes:

- Boutique accommodation in a castle
- Carefully designed routes and experiences
- Gastronomy with a local signature
- Full logistical and technical cycling support
- GPX maps
